

Follow-Ups

Thank you for visiting Dr.JD & Co! We value your trust in us and hope you enjoyed your visit.

To ensure the safety of our clients and to achieve optimal results, we use only the highest quality and top-rated products available on the market.

At Dr JD & Co, we do our best to meet our clients needs, whilst striving for the best and most natural results - each time. Dr JD is an accomplished general practitioner with over 30 years experience and advanced knowledge of the facial anatomy, skin physiology and injecting technique.

It is important to note that for most treatments, the final results show around 2-3 weeks post procedure. Meaning, we encourage you to remain patient during this time, before making final judgment.

That being said, each body is unique & therefore the biological PH balance and metabolic rate varies between clients. Results cannot be compared, predicted or guaranteed.

We pride ourselves on our customer satisfaction and will be available to guide and support you during the course of your treatment.

Should you need any follow-up appointments or questions, please contact Dr.JD's assistant, who can be reached on:
